

Children's Water Festival

100 Broadway Plaza, Suite 12
Sterling, CO 80751
(970) 522-1378

Dear Presenter:

"Children's Water Festival 2010" is just around the corner. It is scheduled for Tuesday, May 18, 2010 on the campus of Northeastern Jr. College in Sterling, Colorado. The Festival will run from 9:00 a.m. to 2:00 p.m. All presenter rooms will be located in the facilities of Northeastern Jr. College. Presentations should be tailored to run twenty (20) minutes with a five (5) minute break between sessions. The schedule (depending on school numbers) calls for seven to eight sessions during the course of the day. If possible, we would suggest that an assistant be available so that you might take a break as needed. We are looking for activities that will be fun, interesting entertaining, and motivational to 3rd thru 6th grade students. Although the main thrust of our festival is water education we would also entertain topics that pertain to the natural resources of this area. We are eagerly looking forward to "Children's Water Festival 2010". We are asking you to please consider being a presenter for our 2010 Festival. We are taking the liberty of enclosing a "Classroom Presentation Registration" form. We would ask that you **try** very hard at returning this registration form by March 15, 2010. We look forward to having you be a part of our presentation team.

Sincerely,

The Waterfest Organizers
